

Est 2009  
Making  
**Great  
Soups  
& Meals**

**Offering consistency of taste and excellent kitchen efficiencies, our soups and meals are perfect for all cafe, restaurant and foodservice settings.**

Alison and her team have been making delicious and nutritious soups and meals in the heart of Co. Tyrone since 2009. Using local, natural ingredients, Big Pot Co hand-makes each product in small batches which ensures consistency and the very best quality. This means you will be certain that you are serving your customers homestyle soup and meals - with none of the prep time.

In addition, our products boast a range of dietary credentials including Gluten Free, Dairy Free, Low in Fat, Vegan and High in Protein, meaning there is something to meet all of your customers' needs.

What's more, with a long shelf life these will help with easier management of kitchen stocks.
